Parent Portal: Set up your parent portal account

Last updated: May 11, 2023

Print

PDF

School Bytes provides a parent portal to help your school communicate with you.

Your school may use the parent portal for various things, including online permission notes, attendance, and payments, which can be accessed via a secure link. The School Bytes parent portal enables you to view all your children in one portal and process payments for multiple siblings in one transaction.

IMPORTANT: To ensure that the registration process works smoothly and you can link your account to your child(ren), make sure that you use the same email address that you have provided to the school or if using a different email address, an SMS verification code will be sent to the mobile phone number on record for you at the school.

To set up your parent portal, follow the steps below:

Detailed steps

1. Open the parent portal link –

<https://portal.schoolbytes.education/auth/login>

School Bytes

Log in to the parent portal

Or [create a new account](#)

Email address

Password

☐ Remember me

3. Enter your first name as it appears on your student's profile at the school.

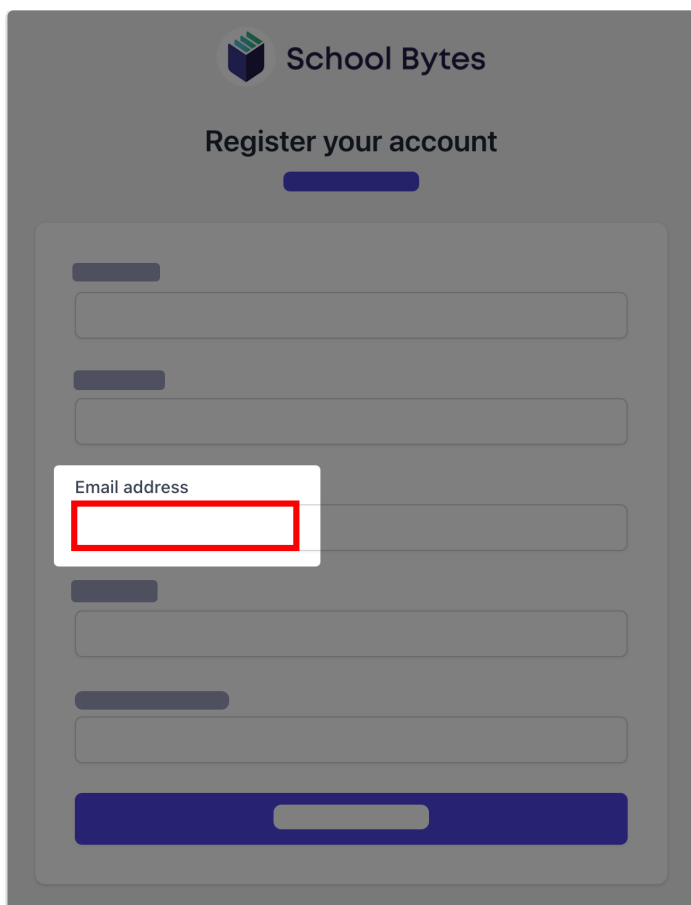

The image shows a registration form for 'School Bytes'. At the top is the 'School Bytes' logo and the title 'Register your account'. Below the title is a blue progress bar. The form contains several input fields. The first input field, labeled 'First name', is highlighted with a red border. Below it are three more input fields, each preceded by a small dark grey label. At the bottom of the form is a large blue button with a white arrow pointing to the right.

4. Enter your last name as it appears on your student's profile at the school.

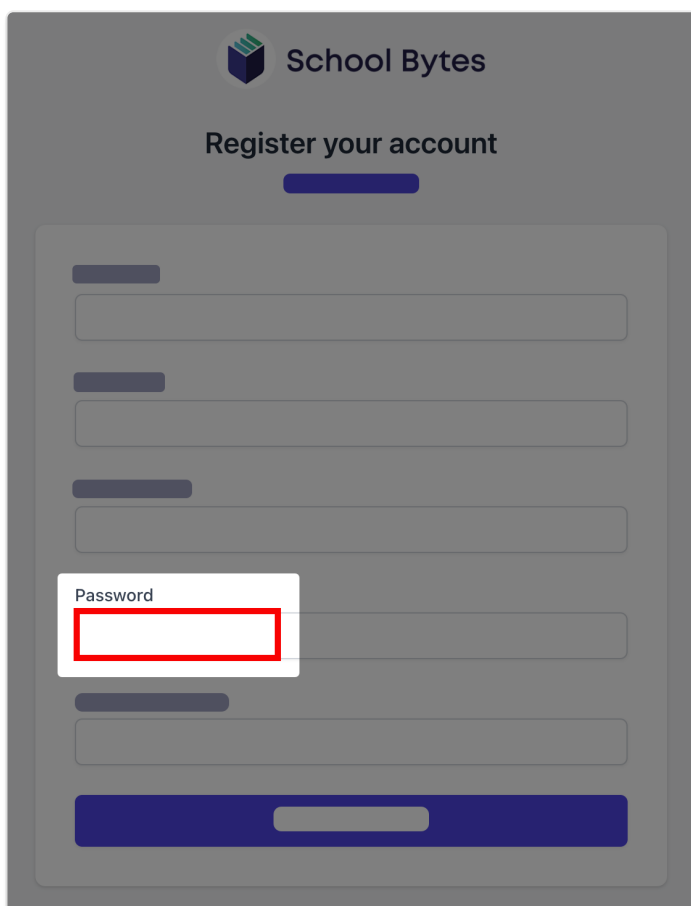

The image shows the same 'School Bytes' registration form. In this step, the 'Last name' input field is highlighted with a red border. The 'First name' field is now filled with a dark grey bar. The other three input fields and the bottom button remain the same as in the previous image.

5. Enter the email address that you use for school communication.

The image shows a registration form for 'School Bytes'. At the top is the 'School Bytes' logo and the title 'Register your account'. Below the title is a blue progress bar. The form contains several input fields, each preceded by a dark grey label. The third input field is highlighted with a red border and a white tooltip that says 'Email address'. At the bottom of the form is a large blue button with a white arrow pointing right.

6. Enter a password.

The image shows the same registration form for 'School Bytes'. The fourth input field is highlighted with a red border and a white tooltip that says 'Password'. The rest of the form, including the logo, title, progress bar, other input fields, and the bottom button, is identical to the previous image.

7. Confirm the password.

The image shows a registration form for 'School Bytes'. At the top is the 'School Bytes' logo and the title 'Register your account'. Below the title is a progress bar. The form contains several input fields, each preceded by a label. The fourth input field, labeled 'Confirm password', is highlighted with a red rectangular border. Below the input fields is a large blue button.

8. Select create account.

This image shows the same 'School Bytes' registration form. In this step, the 'Create account' button at the bottom of the form is highlighted with a red rectangular border. The button is blue and contains the text 'Create account'.

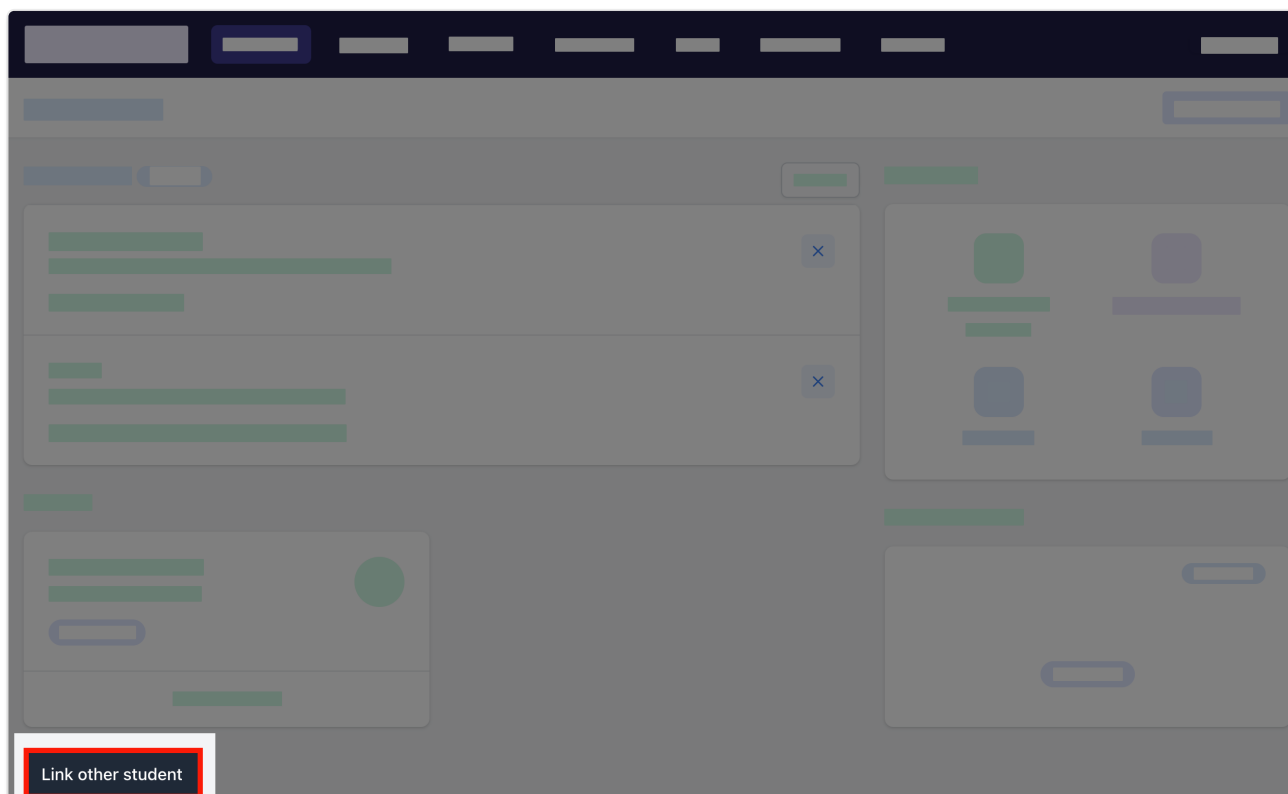

An email will be sent to the email address nominated so that you can verify your access to the email address.

Once you have created your account, log in to the School Bytes parent portal.

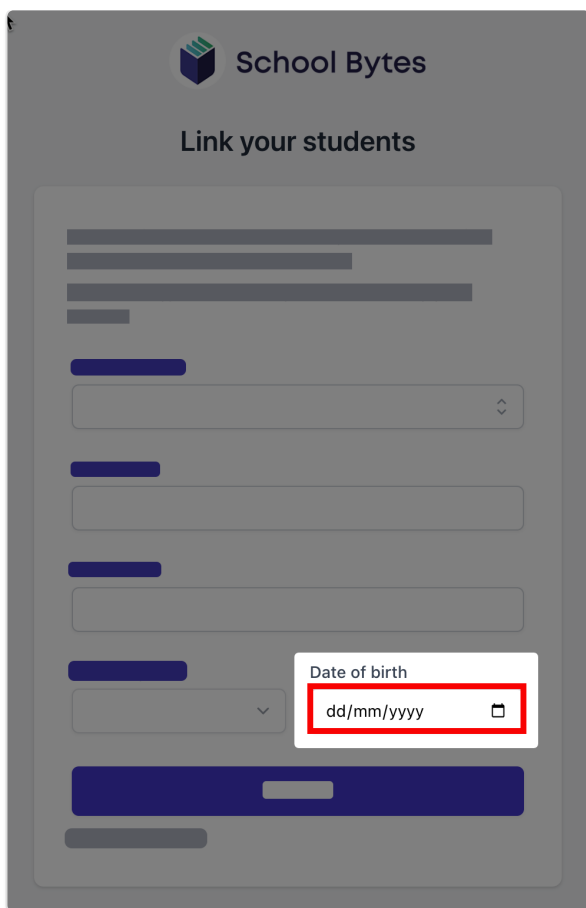

You can now link your account to all students in schools that use the School Bytes platform.

When linking a student, the system automatically matches the data you provided with details stored on the student's school profile.

1. Select link other student.

2. Search for the school's name.

The image shows a screenshot of the 'School Bytes' 'Link your students' form. The form is titled 'Link your students' and contains several input fields for student information. A date picker is open over one of the fields, showing the format 'dd/mm/yyyy' and a calendar icon. The date picker is highlighted with a red rectangle.

School Bytes

Link your students

Date of birth

dd/mm/yyyy

7. Select search.

If all student information matches with parent information according to the student's official enrolment stored at the school, the system will add the student to the parent account automatically.

Further assistance

If you are unable to link a student to your account or if you have any questions relating to this article, please contact your school.
